

## **Invest NI Good Relations Strategy**

April 2024- March 2025

In May 2013 the NI Executive published the Together: Building a United Community Strategy (T:BUC). This strategy reflects the NI Executive's commitment to improving community relations and continuing the journey towards a more united and shared society.

Good relations legislation places a legal duty on all public bodies to have regard to the desirability of promoting good relations between persons of different religious belief, political opinion or racial group. We promote good relations by promoting respect for all cultural identities within Invest NI and currently await guidance from N Ireland Executive's relating to 'Cohesion, Sharing and Integration' as well as the Commission's emerging guidance on 'Contested Issues'. These documents will be used to inform our strategic approach to addressing sectarianism, racism and other forms of prejudice.

In the interim we have developed the key steps we propose to take during 2024-2025, in order to address these issues plan is linked to our Section 75 Action Plan, following our Audit of Inequalities.
